Construction of III Stage drainage in Gubbi Town, Tumkur District

---

With reference to your letter No M 6425, dated the 5th December 1947, I have the honour to submit the following report -

1 The estimate for Rs 41,160/- was sanctioned in G O No L 541-44/M1 79-40-9 dated 24th July 1941, to be worked out in three equal stages of Rs 13,720/- each, the cost to be met by the Government and the Gubbi Town Municipal Council in equal proportions

2 The first stage approved by the Sanitary Engineer as a programme of work, was completed with an outlay of Rs 11,390/- against the sanctioned amount of Rs 13,720/- resulting in a savings of Rs 2,330/-

3 The second stage, sanctioned in G O No P W 1727-29/Sany 2-45-2 dated 17th September 1945 was completed with an outlay of Rs 9,510/- against the sanctioned amount of Rs 13,720/- leaving a savings of Rs 4,210/-

4 The third stage of work is estimated at an amount of Rs 26,420/- including Tools and Plant charges at 12½% against the sanctioned amount of Rs 13,720/- The reasons for the excess as explained in the report accompanying the III stage estimate are the following -

(i) The rates provided in the original comprehensive Scheme prepared in the year 1941, are unworkable at the time of the drawing up of the III stage estimate i e 1st May 1947

(ii) In the original comprehensive scheme 10,480 rft of 3" semipeg top section drains are provided, the cost of which is less than the corresponding 3" section of sylk Pattern drains, provided in the III stage estimate, the introduction of the latter drains in it being due to the construction of the former bieng out of date

(iii) The provision made in the original comprehensive scheme for unforeseen works was found inadquate and a bigger provision has been made in the III stage estimate

(iv) Certain items of work in the construction of drains have been omitted in the original comprehensive scheme which are proposed in the III stage estimate as they are found necessary

5 If the savings accrued in the I and II stages of work namely -

Rs 2330+Rs 4210= Rs 6540/- are made available to the III stage estimate the amount available will be Rs 13,720 + Rs 6540 = Rs 20,260 against Rs 26,420/- This excess amount required therefore, for the III stage estimate will be Rs 6,160/- over the sanctioned amount of Rs 41,160/- for the comprehensive scheme and the sanctioned comprehensive scheme will recuire revision
